Thank you for your interest in Pine Point Lodge and Resort! We personally invite you to the only privately owned Minnesota boat-in resort that is located on the shoreline of over 1/4 million acres of waterway that includes Voyageurs National Park, The Boundary Waters Canoe Area Wilderness, and Canada's Quetico Provincial Park.

Pine Point's outstanding location, just 1 mile from the end of the road, and private peninsula with 1/2 mile of shoreline, is the unique getaway you're looking for. Enjoy nature at its best!

*No roads, or cars.
Secluded, peaceful,
relaxing...*

*the perfect getaway.
Come to Pine Point
Lodge and Resort.*

Here are a few reasons why our guests choose Pine Point Lodge and Resort over other resorts:

- Location – remote yet accessible. No roads or cars. Quiet, secluded, peaceful, relaxing.
- Each modern house-keeping cottage is located right on the water's edge along our 1/2 mile of private shoreline.
- Pine Point cares about you. The owners, along with our friendly, responsible staff are committed to excellent service and hospitality. We are here for you every day of your vacation.
- Our rental equipment is brand new - hassle free, clean, easy to start.
- A beautiful, private, southern exposed beach

complete with chaise lounges, water trampoline and a safe gradual decline into the water.

- Complimentary dock slip(s) with electricity.
- A complimentary pontoon "limo" shuttle to and from restaurants and lounges or back to your vehicle.
- Unique, carefree visitors – deer, otters, eagles, loons, mink,

muskrats, humming-birds, chipmunks, squirrels, wood chucks, bunnies, ducks, turtles, and a large variety of birds.

- Complimentary use of paddle boat and canoes.

• Fun weekly and seasonal fishing contest along with a weekly cookout from mid June – mid August.

- Nightly bon fires.

Find out for yourself. Come to Pine Point Lodge and Resort.

SCENIC DAY TRIPS - Take a trip to Lac La Croix, visit the BWCAW, Voyageurs National Park, see some of nature's oldest exposed glacial rock formations, high rock cliffs, find your own private sand beach, tour the Canadian Waters, the exploring is endless.

See ancient Indian pictographs from hundreds of years ago.

RESTAURANTS - THE AMERICAN PLAN

ALTERNATIVE: Tired of having to be at breakfast at a given time, or the fish are biting, but you have to get back to camp to eat supper? Try this alternative: Each cottage has cooking facilities in them. If you want to cook your own meal, you can. If you want your meals prepared, pick one of the local restaurants to eat at. Their hours are generally, 6:30 a.m. until 10:00 p.m. You pick the time you want to eat, and go. If you would like a courtesy shuttle by Pine Point to any of the restaurants, let us know. All restaurants are a short 5 minutes away by boat.

Visit a wild bear sanctuary.

Enjoy a hike to the historic Vermilion Gorge.

Seaplane rides from our dock!

Pine Point

Mukooda Lake

This lake is about 5 miles from the Lodge by boat, and the hike to Mukooda is relatively easy, less than a block long. We have two boats on Mukooda available for Pine Point guests to use. The lake is known for its small and largemouth bass, lake trout and abundant panfish. This is an action-packed fishing lake for youngsters and adults alike.

Mukooda is a clear, spring-fed lake with a clarity of approximately 20'. Bring your snorkel or scuba gear and head to the depths of the astounding lake. Swim amongst the bass and other fish as you explore this phenomenal lake.

There is a marvelous beach and picnic area located on the lake. Pack a shore lunch and head out to Mukooda for a perfect remote lake experience!!

LAKES AND RIVERS

Crane Lake

Only one mile from the end of the road gives Pine Point the quiet getaway location that you will cherish each time you visit. Being strategically located at your back door, the BWCAW, Voyageurs National Park, and Canada's Quetico Provincial Park offer you unspoiled wilderness with millions of acres and thousands of scenic shoreline miles to fish, hike, and explore.

From Crane Lake you can travel over 120 miles by boat. Crane Lake has many natural fishing areas. On either side of Pine Point's Peninsula, there are two separate rivers coming in. Walleyes, bass and crappies key on the forage that is abundant in these incoming waters.

An underwater ridge is located just in front of the Resort. This makes for an excellent crappie fishing hole. In fact, try fishing from the docks at the Resort. Northerns, bass, walleyes or crappies are frequently caught just outside your cottage door. Find a favorite fishing hole, take in some scenic and historic sites, or you can portage a short distance to try a day of wilderness fishing on one of our remote hike-in lakes described. There is something for everyone!

On our wilderness lakes, we have a limited number of boats available for our guests. The low fishing pressure in these lakes keeps the fishing at world class level. Fish for trophy walleye, large and smallmouth bass, crappie, northern pike, lake trout, and a variety of panfish.

Lilac Lake

Attention bass and northern pike anglers! Lilac Lake produces unbelievable smallmouth bass and northerns. Approximately 10 scenic miles by boat from the Lodge, this lake is located just across the border in Canadian waters. After a one-quarter mile portage on relatively flat terrain, you'll be on the pristine shorelines of Lilac Lake ready for a great day!

Warning: With the abundant northern pike also lurking in the waters, your topwater fishing can become a thrill of a lifetime. Grab your pole, tacklebox, and get prepared for some fierce fishing!

An incredible sight, the Crane Lake Gorge

Loon Lake

One of the most scenic trips to take. Voyage down the Loon River to a mechanical portage that allows you to cross into Loon Lake.

The walleye and northern fishing are spectacular in these majestic waters. Fish either the American or Canadian side.

The distance from the Lodge is approximately 20 miles. Caution is to be used when traveling to Loon Lake. For your first trip a guide would be recommended.

Anticipate seeing a majestic bull moose, black bear, playful otters or other mystifying wildlife.

Don't forget your camera for this trip!!

FISHING GUIDES - ELIMINATE THE GUESSWORK

Jump start your vacation successfully with the assistance of our expert fishing guides. First time and longtime visitors to Pine Point will agree that guides are the key to finding and catching fish. Treat yourself to an unforgettable day on the lake!

Gain knowledge, and technique from the most educated fishing guides in the area. Use your new skills and reap the rewards!

- **Guides** have years of experience on the lake. They know daily exactly what technique, location, depths and how fish are biting in a variety of conditions.
- **Guides** have the most up to date equipment and tackle.
- **Guides** know how to catch fish and cook them over an open fire for a tasty, mouth-watering, shorelunch of a lifetime.
- **Guides** are licensed and produce results.

Most guides prefer to use their own boat. However, if you are renting one of our premium boats, or have a similar boat, some guides are available to fish from those boats starting at \$150. Guide reservations should be made in advance.

LAKES AND RIVERS

Vermilion River – River fishing at its best!

Our 14' boat is nestled below the falls on the Vermilion River. This allows you to fish the area from the Vermilion Falls down to the Rapids above the Gorge at Crane Lake.

Note: Very little fishing pressure is on this area. We have maps that you can review to help you become familiar with this exclusive fishing area.

Walleyes, crappies and bass swim in the strong currents of this secret fishing hole.

The 300-yard portage is very scenic wilderness trail.

Sharpen up your river fishing skills on the Vermilion River. Get ready to reel them in!

Vermilion Gorge

Hike the Historic Gorge... track wildlife... listen to loons... watch eagles.

One of the most picturesque areas of Crane Lake is the Vermilion Gorge. The trail can be picked up just around the point from the Lodge.

There is a nice picnic area located at the mouth of the gorge. Let us know if you would like to use our shore lunch kit for an afternoon picnic.

The 3 mile Vermilion Gorge Trail, at a leisurely pace, can be easily hiked in 3 hours. The last portion of the trail parallels the Gorge – a rugged landscape of sheer granite cliffs and rock outcrops. As you begin this portion of the trail, notice the change in vegetation. The ground is covered with a soft, green moss carpet sprinkled with spearmint plants to enhance the beauty of this majestic, scenic wonder.

A breathtaking adventure you must experience.

Visit the Vermilion Falls... marvel at the cascading waterfall...

A 10-minute hike on a well-maintained trail going southwest puts you at the Vermilion Falls, a cascading torrent of water forced through a 10-foot-wide opening in the granite.

The northeast section of the trail will lead you to “The Chute,” a constriction in the river that produces a Class III to V rapids. This is a pleasant 5-minute walk and worth the effort.

Look for wild rice beds. The shoots begin to emerge in mid-July and seed heads won't develop until the first part of August. Extensive wild rice beds flourish along the Vermilion River and are harvested by humans and wildlife alike from late August through October.

There are picnic tables and fire grates at the site for a perfect afternoon adventure!

Of the park's 218,000 acres over one-third are water. Thirty lakes of all sizes make up this enchanting chain of lakes. The larger lakes are dotted with pine covered rocky islands. The beauty is extraordinary.

Your experience at Pine Point could include motorboating, fishing, canoeing, sightseeing, hiking along trails – looking for animal signs or blueberries in season. Voyageurs National Park stands preserved and protected by the National Park Service, giving you a view of the world as it appeared to the French and Canadian fur traders centuries ago.

Discounted Catch and Release Rates allow you to harvest fish. However, in order to maintain your fishing satisfaction, the larger, spawning fish must be released, and the complete group must participate, to qualify for these discounted rates. Guidelines below:

Species	Required Release length
Walleye	13" and under / over 17"
All Bass	14" and over
Northern Pike	26" and over
Muskellunge	40" and over
Lake Trout	25" and over
Crappie	12" and over

The American Plan Alternative:

Tired of being at breakfast at a given time, or the fish are biting but you have to get back to camp to eat supper? Try this alternative ...

Each cottage has cooking facilities. If you want to cook your own meal, you can. If you want your meals prepared, pick one of the local restaurants to eat at. Their hours are generally 6:30am until 10:00pm. You pick the time you want to eat, and go. If you would like a courtesy shuttle by Pine Point to any of the restaurants, let us know. All restaurants are a short 5 minutes away by boat. In addition, each cottage is equipped with an informational book of the area, things to see, do and weekly activities at the resort.

Have a safe trip up! We know that your vacation is hard earned and we will do our best to make your stay with us the highlight of your summer.

We ask that if there is something that is not to your satisfaction or expectation, please tell us. We will do our best to correct the problem.

A generous Thank You to all the guests who stayed with us in 2005!! You made our tenth season a memorable one! We look forward to seeing you in 2006.

Sincerely,
Cathy, Jeff & Casey Erickson
your hosts
